

December 2017

To Whom it May Concern:

Merle Branner has been the archivist at North Shore Congregation Israel since 2003. She has meticulously organized and kept our records, tracked down members of our congregation and recorded their stories and worked collaboratively with others in building and maintaining our archives. Merle regularly partners with members of our community of different ages and do so collaboratively and patiently. She created thoughtful, clearly labeled exhibits for special events and times throughout the year, bringing to our community information, photos and artifacts that teach them through words, pictures and items.

Merle's work ethic is dedicated and her kindness toward others is of the highest caliber.

Sincerely,

Rabbi Lisa S. Greene
